

DEAR READER!

Translated from *Steklo i Keramika*, No. 4, p. 3, April, 2013.

This issue of the journal is dedicated to a commemorative date — the 125th birthday anniversary of a distinguished scientist, gifted teacher, founder of scientific school in the field of glass and glass ceramic materials Professor I. I. Kitaigorodskii.

This issue was prepared with the support of a grant No. 11G34.31.0027 from the Government of the Russian Federation for state support of scientific research directed by leading scientists in Russian educational institutions of higher professional education grant and Leading Scientific School grant NSh-6993.2012.3.

Articles illustrating the development of the scientific ideas of I. I. Kitaigorodskii and written by staff in the Faculty of the Chemical Technology of Glass and Silts and the P. D. Sarkisov International Laboratory of Glass-Based Functional Materials both at the D. I. Mendelev Russian Chemical Technology University are presented in this issue.

A scientific seminar dedicated to I. I. Kitaigorodskii's career legacy was held on June 18, 2013 as part of the International Exhibition “World of Glass 2013” in Central Exhibition Complex “Expocenter” on Krasnaya Presnya (Moscow). The D. I. Mendelev Russian Chemical Technology University is the seminar organizer.
